

- The payment schedule is subject to satisfactory completion of the work by SUB towards meeting the requirements specified by TCS.
- Any changes out of the current scope of work, due to new requirements or additional requirements which are not discussed during the initial project discussions shall be charged at \$25 per hour.
- The invoice must contain
 - Date and Description of the invoice (e.g., Invoices for the data and content services for the corresponding month & year stated)
 - Designation of the SUB, facility or location for which the Services were rendered from
 - GST, if any, along with IGST and CGST registration numbers.

Invoice must be received by TCS no later than thirty (30) days after completion of the monthly work in order to be paid, provided, however, that notwithstanding the foregoing, TCS shall not be responsible for any delays in invoicing due to any act or omission of the SUB.
